

2021 Challenge Puzzle

Please submit three collages on A3 or Tabloid (11x17) that represents your vision of:

1. interior
2. architecture
3. city

You are free to use any composition, material, and medium. Please send a 200-word concept statement to accompany your collages.

To submit your challenge puzzle, upload the collages and concept statement, clearly named as Challenge Puzzle, to Dropbox and be sure to set the sharing permissions appropriately for access and download. Then, create a PDF of the Dropbox link and upload to the Challenge Puzzle in GPS (Other Document #1). Without the PDF document upload to GPS, your application will not be complete and will not be considered for this role.

This challenge puzzle is separate from neri&hu's request for a portfolio of your work. To submit your portfolio, use the same Dropbox link as the challenge puzzle and clearly name it as your portfolio.

If you have any questions, please contact Manda Ryan (mandar@princeton.edu) or Lilian Tsang (itsang@princeton.edu) in the PSIP office.
